

IDEATION PHASE

NEWS TRACKER APPLICATION

Date	19 October 2022
TEAM ID	PNT2022TMID02590
Project Name	News Tracker Application
Maximum Marks	2 Marks

PROBLEM STATEMENT :

Who does the issue affect ?	Mr.Ram, a businessman.
When does the issue occur?	When he wants to know the daily news.
What does he want?	Need to get all the important news despite this daily busy work schedule and traveling .
What are the issues he faces ?	He find difficult to read the newspaper which may have limited information or may not have the information which we want and also we have to go through whole news paper to get that particular news which we want and it is also difficult to carry it while traveling
What does it make him feel?	He feels it is a flawed way to access information using newspapers and discomfort to carry newspapers.

Why should we fix this issue?	Now-a-days we do lot of work and have no time to consume the news we require by reading newspapers. It is necessary to access the news we require and get the quick peak of the day.
